

# NUTRITIONIST /DIETITIAN

## Brighton & Hove, UK

We are looking to appoint a passionate and innovative individual to be part of our BeeZee Bodies team. If you are looking for a job where you can make a real difference to local people's health and happiness and to help create a vibrant, exciting work environment for colleagues, then this might be the job for you.

We believe in helping people change their lives, for good. This is really hard to do but it's worth every ounce of effort to see someone leave our services healthier, happier and empowered to keep making positive changes.

When it comes to our team, we believe that 'culture eats strategy for breakfast' and we have a strong sense of who we are and who we want to be. This is embodied in our five 'ways of being'

<b>Be Real</b>	We are genuine, authentic, transparent, and have integrity
<b>Be Passionate</b>	We are who we are and won't hide our passion for what we do
<b>Be Innovative</b>	We are creative and love to explore new ideas
<b>Be Empowering</b>	We are supportive and help people to make great choices
<b>Be Courageous</b>	We are brave and bold and live the values we believe in

## What's the role?

You will be responsible for helping to develop and deliver our various weight management programmes across Brighton & Hove. The role includes a wide variety of organisational and delivery tasks and requires you to be able to put your nutritional expertise to good use alongside helping children and their families to manage their weight and create healthy habits.

In addition, you will be contributing to campaigns and training of local professionals to ensure that our services are delivered in line with the very latest evidence base. You would need to be able to work 2-3 evenings per week with members of the public, i.e. 'real people'! Hours are flexi-time to account for late finishes.

Here are some of the programmes you will be working on:

**BeeZee Families**

**BeeZee for All**

**BeeZee Chat**

**BeeZee Mums**

**BeeZee Bumps**

**BeeZee Ladies**

**Gutless**

**HENRY**

## The important stuff (title, dosh, hours)

<b>Job Title</b>	BeeZee Bodies Nutritionist
<b>Hours</b>	Full Time (40hrs) and Part Time (20hrs) positions available. Includes 2-3 evenings per week and travel across Brighton & Hove
<b>Salary</b>	£20,000-£22,000 FTE

## What will you do if you get the job?

Your role in our organisation will help BeeZee Bodies achieve its goals, and as a part of our team you will:

- Help to refine existing programmes and develop new ones in line with evidence and sound underpinning theories.
- Contribute to a positive, friendly and productive work environment to help the team thrive, develop, innovate and explore new ideas (a good sense of humour is a must!).
- Help to ensure that we provide the highest quality services (in every aspect) available in the UK
- Deliver the outcomes and KPI's required to achieve our contracted goals.
- Work with the Service Manager and Director to establish new recruitment paths to reach the target population.
- Empower individuals to manage their weight effectively by understanding their individual contexts and needs and supporting them to change their behaviours.
- Coordinate and deliver BeeZee Bodies weight management programmes.
- Evaluate and reflect on programme delivery to ensure the effectiveness of the services.
- Help to establish great working partnerships with local stakeholders
- Ensure that services are effectively delivered to key target groups to reduce inequalities.
- Be flexible and adaptive to the needs of the organisation and the people accessing our services.

## What will you get out of working with us?

We want your job to have meaning and be something you enjoy, so we want all our team to:

- Have work that means something and helps change lives
- Be part of a vibrant organisation who love to innovate
- Work with a team that will support you to do your job to the best of your ability
- Have a chance to take part in fun work place activities and challenges
- Participate in identifying your own professional development journey
- Have a management team who really care about giving you a great working experience and being part of something that matters

## Something to consider before applying...

The values that we have listed at the top of this document are really important to us and we live them out every day in the office and in working with families, individuals and groups. Being realistic is so important to us that we have listed some of the areas below where you might need to think outside of the box. Especially about what is important in helping people change their behaviours:

- Understanding of the antecedents of obesity in children and adults (physiologically and psychosocially). This is important to have a handle on but don't underestimate the complexity of people's everyday lives!
- The 'real' issues that influence people's behaviour and relevant behaviour change principles. It is really important to think about how much our days are guided by habits, how these are formed and being realistic about how to break them. How are they intertwined with other factors and barriers like time, money and relationships?
- Good working knowledge of relevant governmental and other key documents and guidance. It is imperative that we ensure we are up to date on the latest national and local papers and guidance and even to try and contribute where we can.
- Basic understanding of qualitative and quantitative statistics. We have a research and evaluation team; however, you will still be expected to be a part of this reporting process, and so a working knowledge of this is useful
- Have you got the passion and drive to challenge the status quo and make real change happen?
